Feast of the
Immaculate Heart of Mary

It was a great privilege of the beloved disciple
to have once rested upon
the adorable breast of the Master.

But how many times did the Divine Savior rest
upon the virginal heart of His Mother!
What abundance of light, of graces, of blessings
did Jesus pour into that Heart,
always perfectly disposed
to receive divine influences—
that heart which He loved more than all other hearts,
and which loved Him in return
more than even the Seraphim!

O my Savior, I hear Your voice repeating
to every faithful soul to set You
as a seal upon their heart (Song 8:6).

This Your holy Mother did
in the most excellent way,
having imprinted upon her heart
the living image of Your life and all Your virtues.

And not content with that,
You Yourself wanted to set Yourself as a seal
upon her heart, to close it to all that is not Jesus,
and to make Yourself its only and sovereign Lord.

You impressed Yourself upon her maternal Heart
in a way worthy of You and of her.
